Forest Glen Customers,

Reuse Water Service Interruption

Forest Glen will have a service interruption on Monday the 11th of April and Tuesday the 12th of April, please plan on the system to be down for the full time.

Our contractor will be completing the installation of additional pumps at the Forest Glen facility.

We ask that you please turn off the sprinkler system to your landscape for ALL DAY Monday the 11th and Tuesday the 12th of April. (12am Monday through 12am Wednesday)

This will prevent irrigation systems from turning on and opening the line causing air to enter the main lines under the streets.

If too much air gets in the lines, we will have the same issue as a few weeks ago where the lines will have to have the air bled out of them and cause further delays in getting the system up and running.

If you have any questions or concerns in this matter, please contact us.

Sincerely,
Forest Glen Utility Company
